YiIP : YOUTH INTERNSHIP INCENTIVE PROGRAM

Youth Internship Incentive Program is designed to increase the number of employers supporting work-integrated learning internships in trades and technologies.

By providing a financial incentive for employers, this program will expand an employer's ability to achieve their goals as well as to enhance opportunities for youth that align with Alberta's skilled worker needs.

Supporting employers who are new to offering CAREERS internships, supporting existing employers to expand their ability to provide more internships, and supporting employers across the province are the key targets.

Supporting Alberta employers with financial incentives to provide student internships.

Funding is available to support internships under CAREERS programs:

- Skilled Trades
- High School Trades
- Former Registered Apprenticeship Program Apprentices
- CO-OP Apprenticeship Program (exclusive to Regional Municipality of Wood Buffalo)
- Oilfield Operator Training

- Indigenous Youth Career Pathways
- Information & Communications Technology

- Eligible employers include businesses, non-profit organizations, Indigenous organizations, and municipalities operating within Alberta.

FAQ

What happens if I have to terminate the student?

If the student internship is terminated or the student leaves the internship prior to minimum time commitment, the employer must notify CAREERS immediately. It is CAREERS sole discretion to determine funding eligibility should the internship end prior to the minimum committed hours.

What would disqualify my application?

Employer will not be approved if:

- The employer is a federal, provincial or government agency.
- The employer submits an incomplete application.
- The position is not eligible if:
 - The position does not align with CAREERS' off-campus programs.
 - The position has already started (positions can only start after the application has been approved).
 - The position is already subsidized through another program.
